	Name of machine	Year of manufacture	Number of working hours
Additional equipment	BOY 35 M VV injection molding machine	Year 2009	31617
	HASCO multi-zone temperature controller for hot runners (serial no. 463) with 12 control zones.	Year 2021	
	Control cabinet for mold control	Year 2021	
	Koch-Technik KEM-TOUCH mixer and color dosing unit	Year 12/2021	
	Koch-Technik MIKO granulate suction unit	Year 12/2021	
	Regloplas 90 smart temperature control unit	Year 2021	
Additional equipment	BOY 35 E VV injection molding machine (with an integrated hot runner temperature control unit)	Year 2013	18913
	Control cabinet for mold control	Year 2020	
	Koch-Technik KEM-TOUCH mixer and color dosing unit	Year 10/2020	
	Koch-Technik MIKO granulate suction unit	Year 10/2020	
	Regloplas 90 smart temperature control unit	Year 2020	
Additional equipment	BOY 35 E VV injection molding machine	Year 2019	17968
	HASCO multi-zone temperature controller for hot runners (serial no. 221) with 12 control zones.	Year 2018	
	Control cabinet for mold control	Year 2019	
	Koch-Technik KEM-TOUCH mixer and color dosing unit	Year 10/2019	
	Koch-Technik MIKO granulate suction unit	Year 10/2019	
	Regloplas 90 smart temperature control unit	Year 2019	
Additional equipment	BOY 35 E VV injection molding machine	Year 2010	18197
	HASCO multi-zone temperature controller for hot runners (serial no. 229) with 12 control zones.	Year 2018	
	Control cabinet for mold control	Year 2018	
	Moretto color dosing unit	Year 2006	
	Moretto color mixer	Year 2005	
	Koch-Technik MIKO granulate suction unit	Year 05/2019	
	Regloplas 90 smart temperature control unit	Year 2018	
Additional equipment	BOY 35 E injection molding machine	Year 2014	35099
	Regloplas 90 smart temperature control unit	Year 2020	
	Plastmaschinen GmbH material heater + dosing unit	/	
	Wanner Technik grinder	Year 2003	
	Nastri Fili Virginio material hopper + dryer, capacity approx. 100 kg of material.	/
