## Reckermann Kombi 1050

Console milling machine Reckermann Kombi 1050 with Heidenhain TNC 124 control, built in 1996, good condition. The machine comes from the training department of a well-known German machine manufacturer and was taken out of service because it was too large for the usual applications.

Technical data:

Console milling machine RECKERMANN

Type Kombi 1000

Year of manufacture 1996

Control TNC 124 Heidenhain

Technical data

x travel 1,000 mm

y travel 350 mm

z travel 450 mm

Distance between spindle center and column 50 - 500 mm

Distance between spindle center and table 0 - 450 mm

Table height above floor 850 - 1,300 mm

Table clamping surface 1,570 x 400 mm

Number of T-slots 5

Slot width 18 mm

T-slot spacing 70 mm

Max. workpiece weight 500 kg

Tool holder SK 40

Speed range - milling 48 - 2,100 rpm

Drive power - milling spindle 6.1 / 7.4 kW

Gear stages 16

Rapid traverse X-axis 5 m/min

Rapid traverse Y-axis 5 m/min

Rapid traverse Z-axis 2 m/min

Feed rate 10 - 1,000 mm/min

Feed force 22 Nm

Total connected load 400 V

Machine weight approx. 4.0 t

Space requirement approx. 3.3 x 2.2 x 2.2 m

Accessories and equipment:

Heidenhain TNC 124 control

Vertical and horizontal hydraulic clamping

Automatic central lubrication

Technical documentation, spare parts diagrams, control operating instructions, and programming examples

Handwheels, coolant system, spindle brake

About the machine:

We are offering a Reckermann Kombi 1050 console milling machine with Heidenhain TNC 124 control, built in 1996. This universal milling machine is in very good original condition. It comes from a company where it was used only occasionally for training purposes. The control is very easy to operate. The machine also has vertical and horizontal hydraulic clamping. Converting from vertical to horizontal is very easy by folding away the vertical head. The guides are regularly lubricated by the central lubrication system. We have tested the Reckermann mechanically and electrically. Take the opportunity to view and try out the Reckermann on site with power.

You can find more milling machines from renowned manufacturers on our website <https://awm-gmbh.de/>.
