

## 12.2 Motor data sheet

For operation with frequency converter, Customer provides motor

|                |               |         |
|----------------|---------------|---------|
| Manufacturer   | ABB           |         |
| Type           | M3BP 355LKA 2 |         |
| Output         | 500.00        | [kW]    |
| Rotation speed | 3000          | [rpm]   |
| Voltage        | 690           | [Volts] |
| Frequency      | 50            | [Hz]    |
| Design         | IM B3         |         |

## 12.3 Fan starting-torque curve

## 12.4 Characteristics of fan
