

Name	Automatic cup lathe		
Dimensions	80x80x180		Cm
Power	750		In
Efficiency	80		Pcs/min
Power	3x380		V
The machine is designed to roll the cup to length			

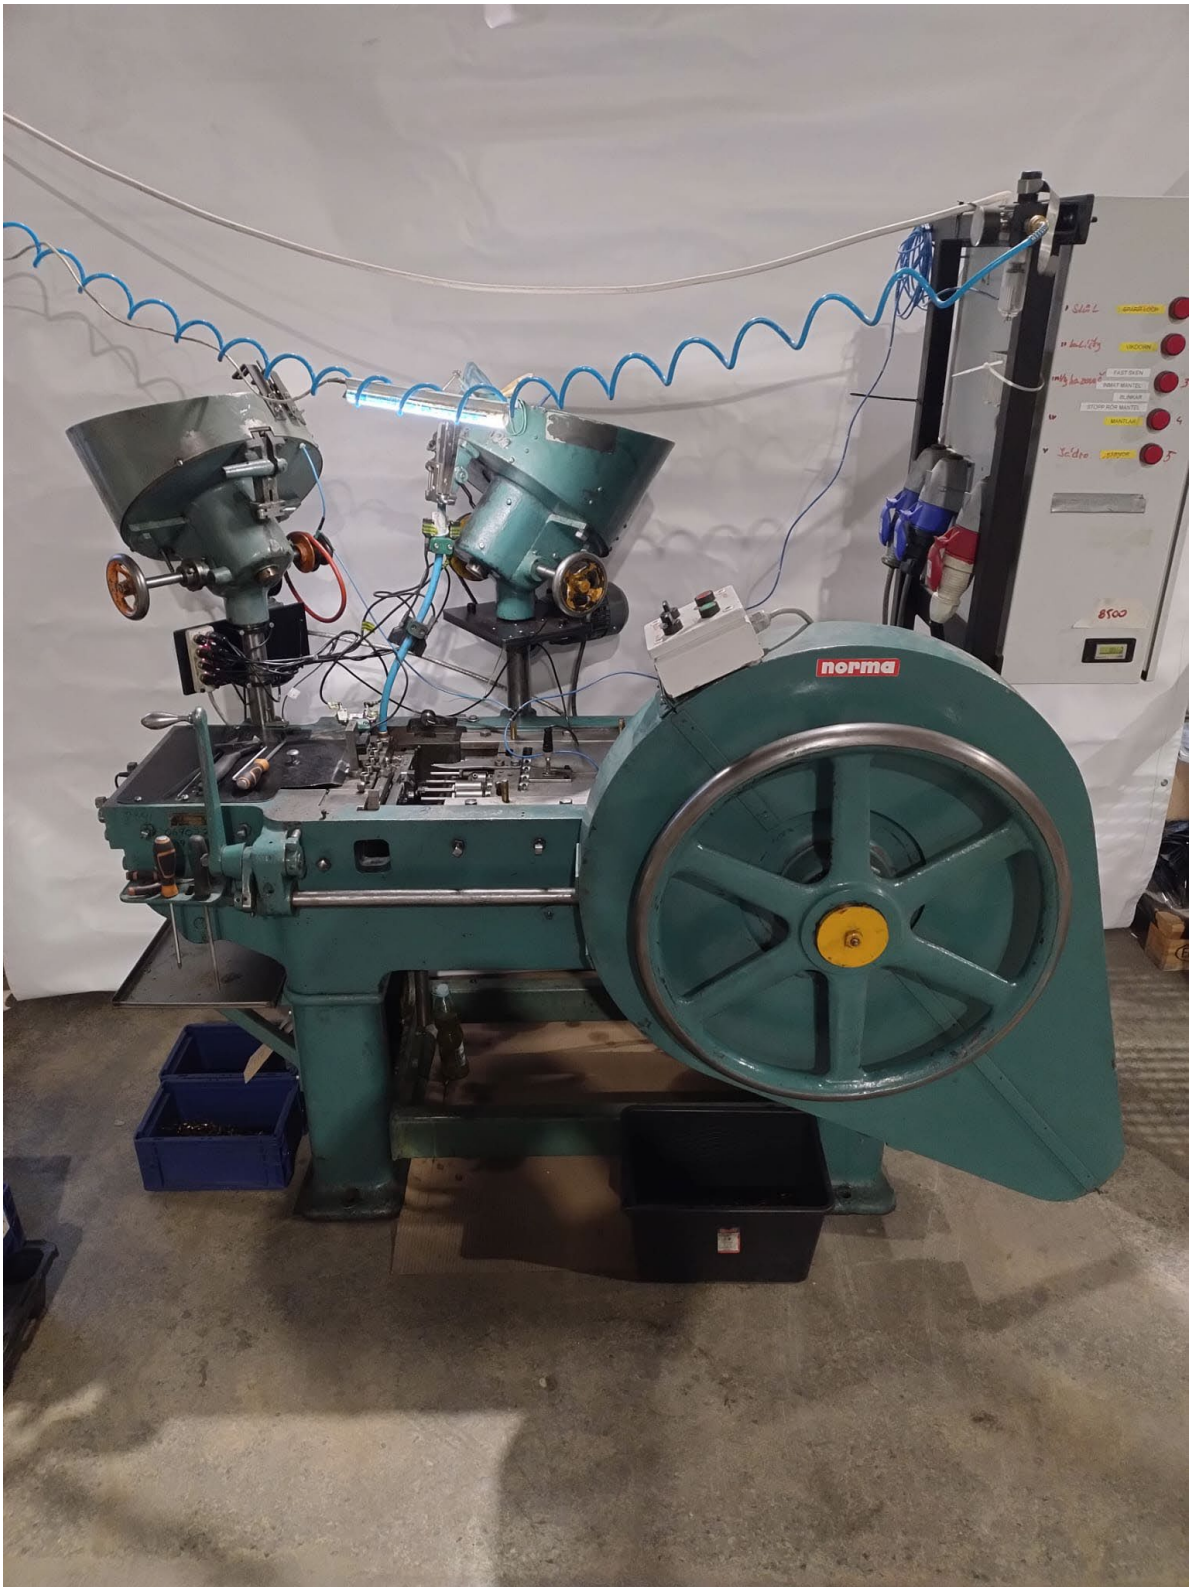

Name	Die Cutting Press		
Dimensions	140x150x240		Cm
Power	1300		In
Efficiency	80 x 3		Pcs/min
Power	3x380		V
The machine is designed for cutting and forming cups from tape			

Name	Cup embossing press		
Dimensions	130x110x180	Cm	
Power	2380	In	
Efficiency	80	Pcs/min	
Power	3x380	V	
The machine is designed for embossing cups after cutting them out of the belt			

Name	Bullet scaler	
Dimensions	180x100x180	Cm
Power	2800	In
Efficiency	80	Pcs/min
Power	3x380	V
The machine is designed to fuse the bullet from the cup and the core		

Name	Bullet scaler	
Dimensions	180x100x180	Cm
Power	2800	In
Efficiency	80	Pcs/min
Power	3x380	V
The machine is designed to fuse the bullet from the cup and the core		

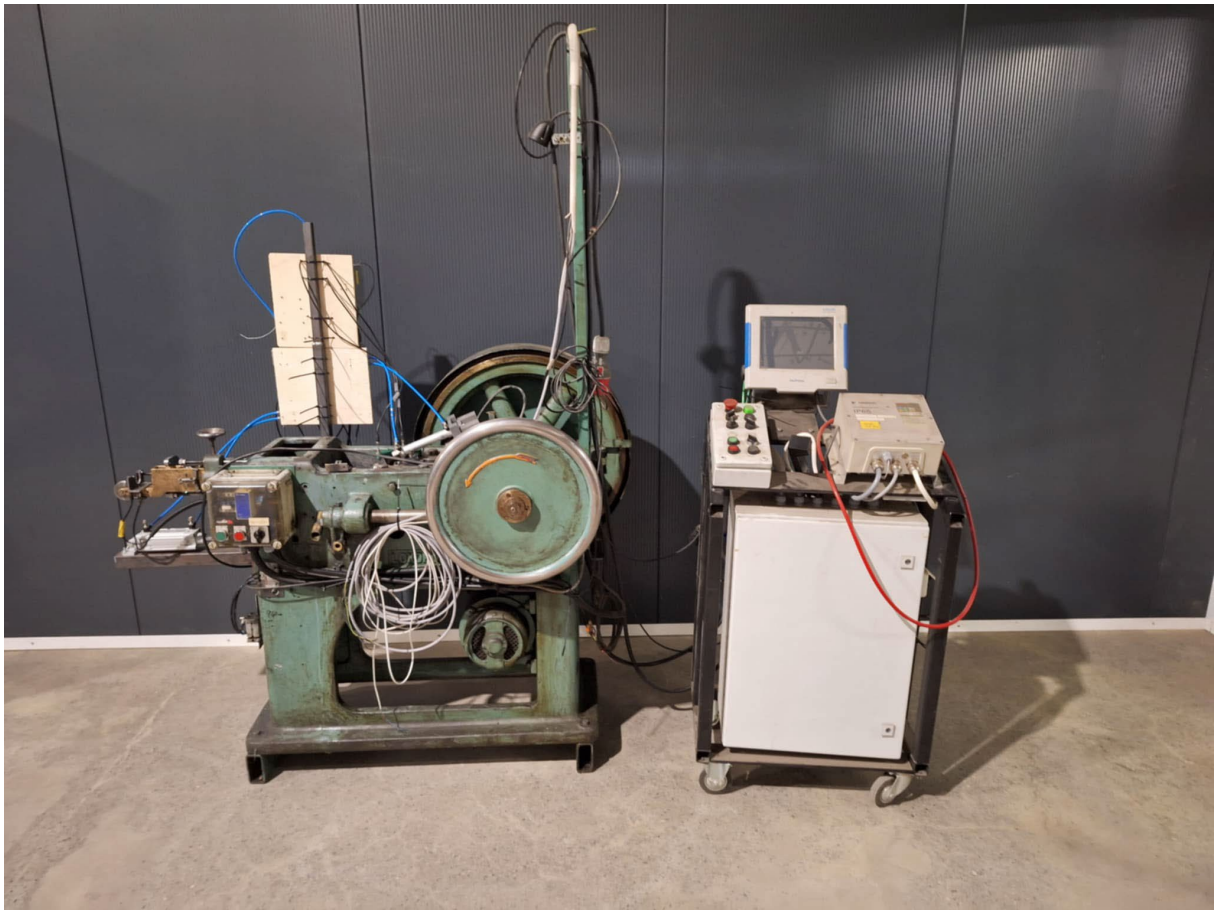

Name	Bullet Polishing Machine	
Dimensions	100x50x110	Cm
Power	490	In
Efficiency		Pcs/min
Power	3x380	V
The machine is designed for polishing bullets after the production process		

Name	Bullet Polishing Machine	
Dimensions	100x50x110	Cm
Power	490	In
Efficiency		Pcs/min
Power	3x380	V
The machine is designed for polishing bullets after the production process		

Name	Noodle making machine	
Dimensions	220x65x220	Cm
Power	900	In
Efficiency	80	Pcs/min
Power	3x380	V
The machine is designed for cutting lead cores from wire
