

## VERTICAL MACHINING CENTER QUASER MV 154 PL/12

### TECHNICAL DATA

CNC Fanuc 18-iMB

**WORK AREA:**

Table dimensions:

1.200 x 500 mm

Longitudinal X:

1.020 mm

Cross Y:

500 mm

Vertical Z:

500 mm

Table load capacity:

500 kg

**FEEDS:**

Rapids X / Y / Z axes:

40.000 mm / min

## SPINDLE:

|                    |            |
|--------------------|------------|
| Spindle taper:     | ISO 40     |
| Max spindle speed: | 12.000 rpm |
| Spindle power:     | kW 18,5    |

## TOOL CHANGER:

|                                |        |
|--------------------------------|--------|
| Tool selection:                | Random |
| Number of tools in stock:      | 30     |
| Chip-to-chip tool change time: | sec 4  |

## DIMENSIONS:

|                     |                            |
|---------------------|----------------------------|
| Machine dimensions: | mm 2.535 x 2.465 x 2.750 h |
| Weight:             | 6.850 kg                   |

## Machine complete with:

- High pressure through the spindle
- Instruction manuals and CE declaration

Year of construction: 2007
