DESCRIPTION

The Tetra Pak Aseptic Filler TBA/19 is a high-performance machine designed for filling liquids into 200 ml brik cartons, especially in dairy, juice, beverage, sauce and concentrate applications. This model offers a combination of reliability, energy efficiency and production flexibility.

Outstanding technical specifications:

-Production capacity: up to 6,000 containers per hour (bph) in 200 ml format.

Output may vary depending on the format.
