

A700 Automatic Timber Up-Cut Saw

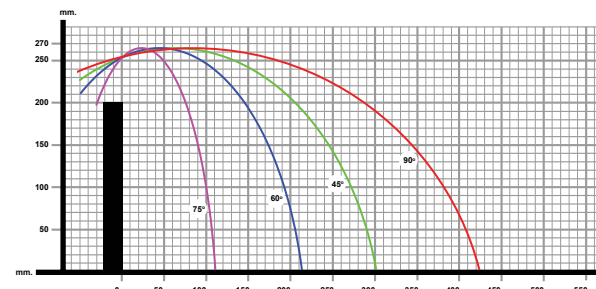

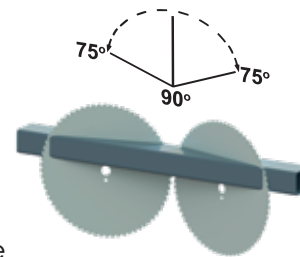

No matter what job you need to cut A700 is the only saw you will ever need.

With the largest capacity in its class and massive $\pm 75^\circ$ mitre angle range capability, it is designed for genuine high mitre angle cutting without compromising on the size of the timber you may need to cut. Suitable for bundle-cutting many timbers at once and with high-precision.

High-precision timber processing with PLC controlled motion. Pneumatic actuated safety guard, opening and closing with a press of a button for a full unimpeded saw table access. Safety switch disabling the saw on lifting of the guard.

Optional CNC controlled saw mitre angle with touch-pad screen control.

- $\varnothing 700$ mm TCT saw blade with 4 kW drive motor
- AS / NZS 4024:2014 safety standard, two hand press cut operation
- Overhead safety guard with safety tunnels 900 mm each side of the saw
- Safety guard pneumatically liftable on a press of a button
- Safety switch disabling the saw operation on guard up
- 2x vertical and optional 2x horizontal clamps with adjustable clamp pressure
- Mitre angle $\pm 75^\circ$ with pin locating at $0^\circ, \pm 15^\circ, \pm 22.5^\circ, \pm 30^\circ, \pm 45^\circ, \pm 60^\circ, \pm 75^\circ$
- Air gun and LED interior light
- 2x $\varnothing 100$ mm chip vacuum attachment points
- Optional 2.2 kW chip vacuum extractor
- Optional automated CNC mitre control system

415V 3-phase, 20A max	4 kW	2350 RPM	700 / 38 mm	86 m/s
