 Made in Serbia - Worldwide Distribution

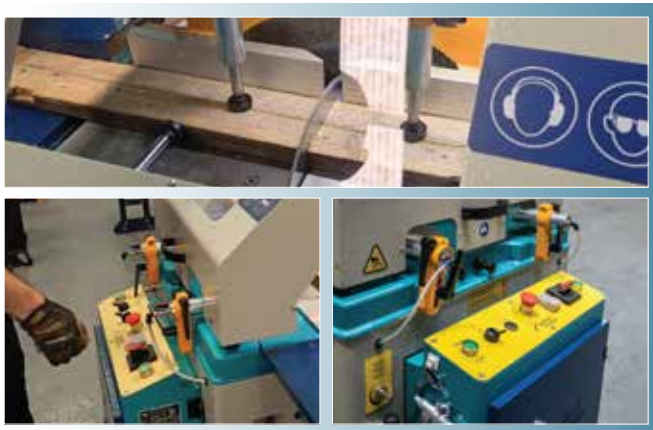

A420 Automatic Timber Up-Cut Saw

Upgrade your timber production to a high-safety, OHS compliant saw.

A420 is a simple to use saw for high-speed cutting of softwood in straight or mitered parts (up to $\pm 75^\circ$). High-safety operation with a two-hand press cutting and full saw guarding (including 900 mm tunnels each side) preventing access to the saw as well as uncontrolled offcuts ejection.

Pneumatic liftable guard opening and closing with a press of a button. Safety switch disabling the saw on guard up.
