

SG 350 Glass Lifter

Our smallest glass robot yet, with a working height of 3.8 meters and a load capacity of up to 350 kg, this mobile and electric lifter are perfect for a range of indoor and outdoor applications in the glass industry, window construction, and assembly construction.

Traction	1WD rear wheel drive
Max. Height	~ 3.8m
Max. Lateral radius	2.1m
Max payload	Pick & Carry: 350Kg
Weight	675 Kg
Speed	5 km / h
Dimensions	1.80 x 0.75 x 1.85m

Advantages

- Powerful, hydraulic glass robot with an electric drive
- Range: 3.8 m high; 2.1 m in front of the wheels
- 2 Circuits Vacuum System
- Power 2x12 V Batteries
- Arm with 2 hydraulic telescopic segments
- Failproof operation with swivel/steering arm
- Powerful electric motor with steering-wheel drive
- Lowest load centre in the industry, i.e. more stability
- Approved for indoor use
- CE approved
