

Machine: CENTERLESS GRINDING MACHINE

Model: ESTARTA 301

Technical Details:

- Largest grinding diameter max. 50 mm
- Minimum grinding diameter min. 1.5 mm
- Grinding wheel diameter max. 300 mm
- Grinding wheel width max. 125 mm
- Grinding wheel bore 175 mm
- Grinding wheel speed 1950 rpm.
- Diaphragm diameter of 220 mm
- Disc width max. 125 mm
- Control disc speeds 22-333 rpm
- Mains connection 380 V, 50 Hz, approx. 9,4 kW for through and grooving
- Hydraulic system beside
- Space requirement L x W x H 2000 x 950 x 1250 mm
- Weight approx. 1.8 ton.
