

# UNUSED POTATO PROCESSING & FRYING LINE (2007)

Capacity: 1,000 kg/hour

European Equipment – NEVER Commissioned

# UNUSED POTATO PROCESSING & FRYING LINE (2007)

## □ *Overview*

Industrial potato processing and frying line, manufactured in 2007,  
**installed but never commissioned.**

The line is in **unused condition**, making it a **rare opportunity** to acquire a near-new production setup *at a significant discount versus new equipment.*

Designed for continuous operation, suitable for:

French fries production

Potato snacks

**“Estimated replacement cost of a similar new line exceeds €1.5M–€2.0M, offering a significant investment opportunity.”**

# UNUSED POTATO PROCESSING & FRYING LINE (2007)

## □ *Key Highlights*

- ✓ UNUSED – Never put into production
- ✓ Capacity: ~1,000 kg/hour
- ✓ Complete processing line (input → frying → cooling → packaging)
- ✓ European manufacturers (incl. Kiremko, Campagnolo, etc.)
- ✓ Immediate availability
- ✓ Ideal for fast installation and commissioning

Refrigerator→ Packaging

## 1) BLANCHER

Condition: UNUSED

Brand: KOMEN - KUIN

Function: Pre-treatment of potatoes before frying

## 2) VIBRATOR (OUTPUT)

Condition: UNUSED

Brand: Kiremko

3) VIBRATOR 1. (INPUT)

4) VIBRATOR 2. (OUTPUT)

### **Vibrator (Input)**

Brand: Atrato

Condition: UNUSED

Function: Product distribution

### **Vibrator (Output)**

Brand: Atrato

Condition: UNUSED

Function: Product transfer

## 5) FRYING LINE

Condition: UNUSED

Brand: Florigo

Function: Continuous frying system

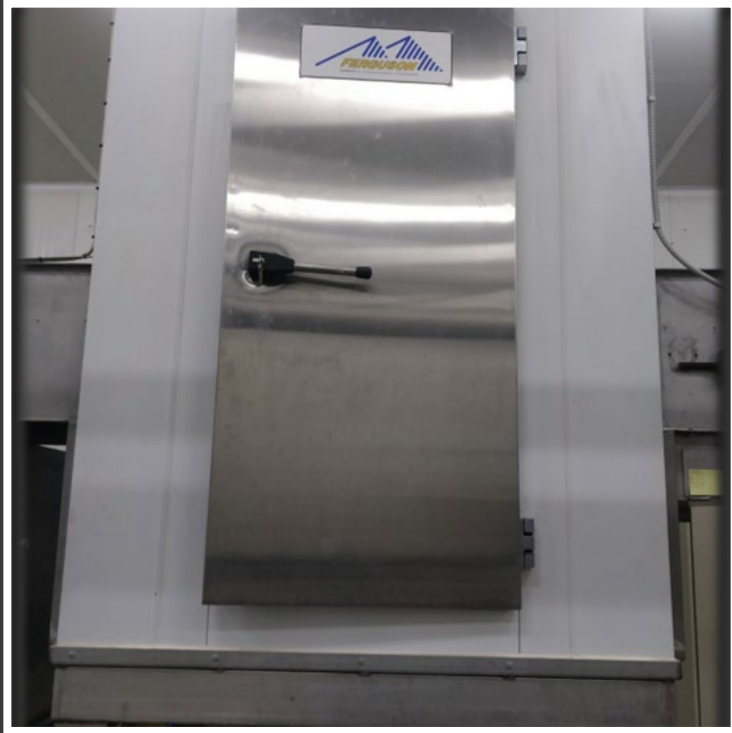

Note: Core component of the line

## 6) TRANSP. BELT (LONG)

Condition: UNUSED  
Brand: Florigo (Bodijin Holland)  
Function: Product conveying

## 7) PRE-REFRIGERATOR

### **Pre-Refrigerator**

Condition: UNUSED

Brand: Ferguson

Function: Initial cooling stage

## 8) PRE-REFRIGERATOR -- REFRIGERATOR CONNECTOR

### **Pre-Refrigerator Connector**

Condition: UNUSED

## 9) REFRIGERATOR & CONTROL PANEL

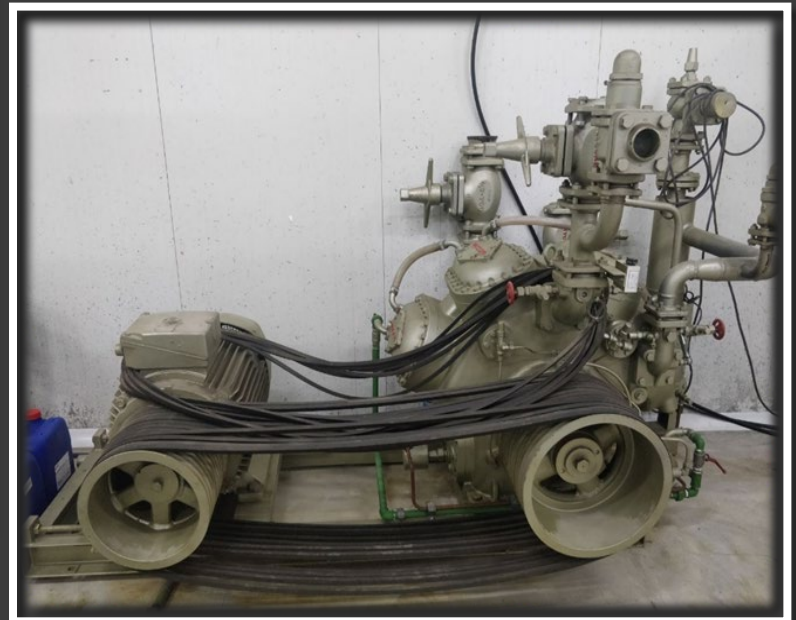

### **Refrigerator & Control Panel**

Condition: USED (2002)

Brand: Ferguson

Status: Included in line

# 10) REFR. MOTEUR & INDICATORS

**Refrigerator Motor & Indicators**

Condition: USED

Brand: Mycom

Status: Included

## 11) INPUT & ELEVATOR

**Input & Elevator**  
Condition: UNUSED  
Function: Feeding system

## 12) PACKAGING MACHINE (CAMPAGNOLO)

**Packaging Machine (Campagnolo)**

Brand: Campagnolo

Condition: UNUSED

Function: Final packaging

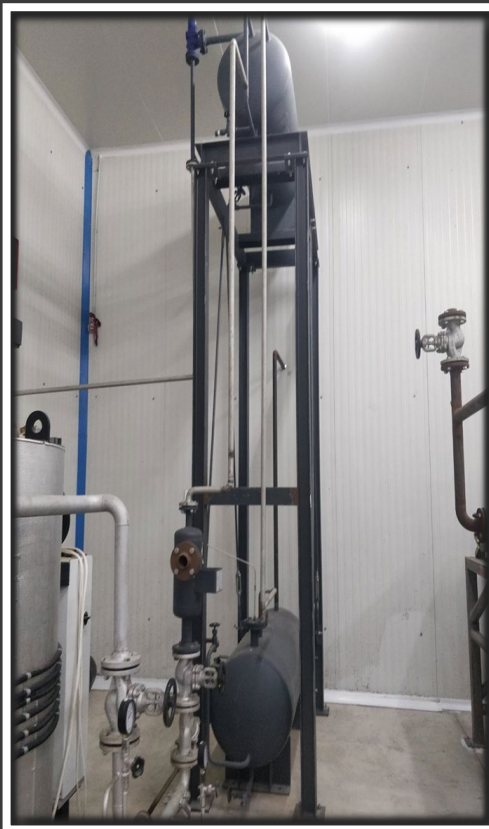

## 13) BOILER STATION WITH GAS ESTABLISHMENT

**Boiler Station with Gas Establishment**

Condition: UNUSED

Brand: Maxxtec AG

Function: Thermal supply for frying process

## 14) BOILER STATION WITH GAS ESTABLISHMENT

**Boiler Station with Gas Establishment**  
Condition: UNUSED  
Brand: Maxxtec AG– BOS Nieuwekerk B.V.  
Function: Thermal supply for frying process

## 15) OIL TANK

Condition: UNUSED

Brand: Florigo

16) GEN. CONTROL PANEL

Condition: UNUSED

# UNUSED POTATO PROCESSING & FRYING LINE (2007)

## ◆ Condition Summary

Majority of equipment: **UNUSED (0 operating hours)**

Installed but never operated

Maintained in industrial environment

## ◆ Commercial Information

📍 Location: Greece

📦 Availability: Immediate

🔍 Inspection: Available upon request

🚚 Dismantling & transport: Can be arranged

## ◆ Ideal Buyer

Food processing companies expanding capacity

Frozen food producers

Investors entering potato processing sector

Industrial equipment resellers

# UNUSED POTATO PROCESSING & FRYING LINE (2007)

## ◆ Value Proposition

This is a “factory-ready” processing line, offering:

Significant CAPEX savings vs new equipment

Faster time-to-market

Proven industrial setup

Minimal commissioning required

Ready for rapid commissioning with minimal additional investment.
