MULTICUT 830 PRO-LINE

When you want to handle over 100 hectares a day, choose our largest Multicut. With an 8.1 metre cutting width, coupled with key Spearhead deck features output is certainly not a problem.

Giving you the perfect balance of performance and comfort, we've packed this giant Pro-line with features. Five rotors operate the six-blade Starcut system, and all five rotor gearboxes have slip clutch protection.

Everything about this machine delivers more. Like the hydragas suspension and extra-large wheels. And the flat topskin that prevents debris build-up. You'll enjoy the results after a day cutting with the 830.

- Ultimate performance with an 8.1 metre cutting width.
- 30 Starcut blades over five rotors.
- Incredibly smooth ride from a giant machine.

	TRACTOR HP	TRANSPORT WIDTH	CUTTING WIDTH	PTO SPEED	GEARBOX RATING	NUMBER OF WHEELS	NUMBER OF ROTORS	NUMBER OF BLADES	CUTTING HEIGHT
