

# ReUse: Isostatische Presse; Cold Isostatic Press

## Übersicht / Overview

### MAE-manufacturer

### Engineered Systems International NV

Machine type

Kalt isostatische Presse, *Cold isostatic press*

Serial number

P25291

Year of manufacture

2022

Plant

BaP

Inventory number

302197898

Net book value

338325€

Conditions

fully funktional

### Periphery

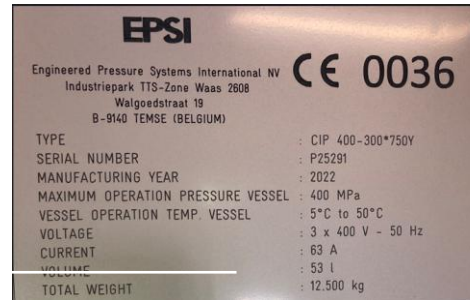

Control system

# ReUse: Isostatische Presse; Cold Isostatic Press

## Sonstiges; *Further information*

### Sonstiges:

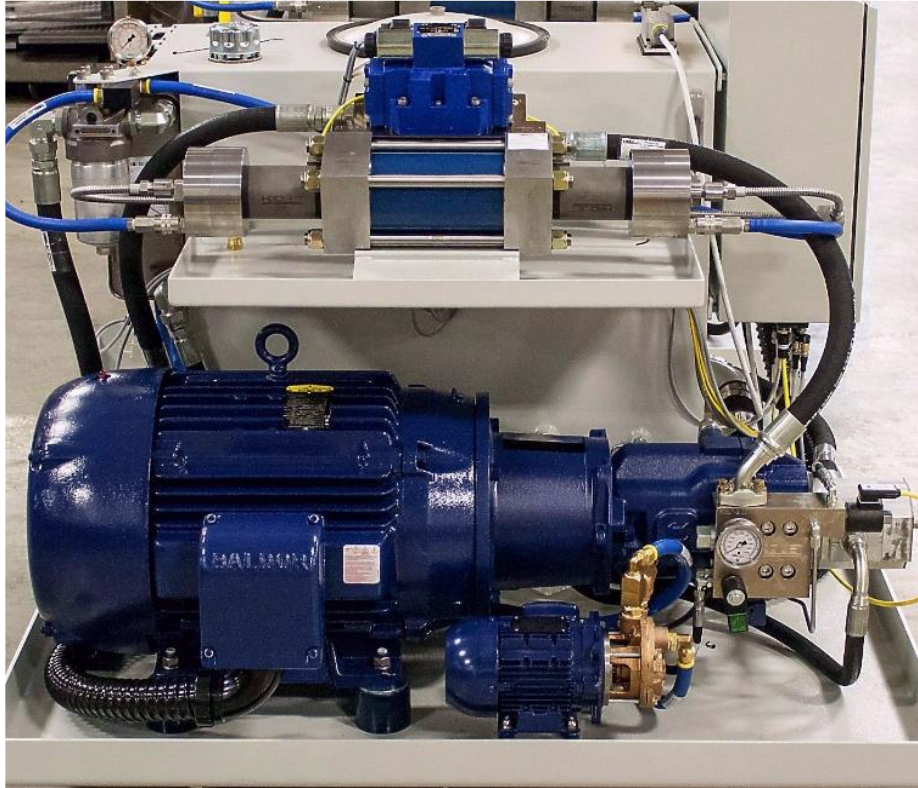

- Innenabmessung Druckbehälter: DMR=300mm, Höhe=750mm
- Alle erforderlichen Zertifikate liegen im Original vor.
- Vollständige Bedienungsanleitung in Schriftlicher und elektronischer Form vorhanden.
- Druckbehälter zugelassen bis 4400bar.
- Anzahl bisheriger Zyklen: ca. 800

### *Further information:*

- *Internal dimension pressure vessel: diameter =300mm, height=750mm*
- *All required certificates are available in the original.*
- *Complete operating instructions available in written and electronic form.*
- *Pressure vessel approved up to 4400bar*
- *Number of cycles to date: approx. 800*
