

Spritzgiessautomaten
BENELUX

PROSPECTUS

BOY XS

MACHINE INFORMATION

Brand

Dr. Boy GmbH & Co. KG

Type

BOY XS

Year of construction

2022

Working hours

< 25 hours

Screw (*high wear resistance*)

18 mm

Injection pressure max.

1722 bar

Shotvolume max.

15,3 cm³

Closing force

10 T

Max. distance between holms

160 mm

Min. mould height

100 mm

Distance between platen max.

250 mm

Measurements

1485 x 526 x 1380 mm (L x B x H)

Weight

450 kg

Options

- Including Procan ALPHA 4 Control system.
- 4 freely programmable inputs / outputs
- Temperature control for feed throat
- Colour contact (potential-free max 5A)
- Socket distributor 400 V
- Original BOY toolkit & original BOY documentation
