

5D MOTION CINEMA SYSTEM FOR SALE

6 Seats – Fully Installed – Ready for Operation

Price

USD 24,500

Ready-to-Operate 5D Cinema Attraction

A **fully operational 6-seat 5D motion cinema system** manufactured by **Movie Power Company Ltd. (China)** is offered for sale.

The system is **already imported into the European Union (Bulgaria), installed, tested and working**, and can be **demonstrated on site**.

This allows the buyer to **start operating immediately** without waiting for manufacturing or international delivery.

Major Advantage for the Buyer

The system has **already been imported into the EU**, therefore the buyer **saves significant costs and time**, including:

- international shipping
- customs clearance
- import duties
- delivery waiting time (typically 2–3 months)

All these costs **have already been paid by the seller.**

Manufacturer

The equipment is produced by **Movie Power Company Ltd.**, one of the **most reputable Chinese manufacturers of motion cinema and immersive entertainment systems.**

Their installations operate worldwide in:

- theme parks
- amusement parks
- shopping malls
- VR arcades
- entertainment centers

More information about the manufacturer:

<https://movie-power.com/motion-cinema/>

Equipment Included

The system is a **complete turnkey 5D cinema attraction**, including:

- **6 motion simulator seats** (two 3-seat platforms)
 - **Dual Epson projection system**
 - **3D metal projection screen (16:9)**
 - **Cinema control system**
 - **Professional audio system**
 - **20 pairs of 3D glasses**
 - **60 HD 5D movies**
-

Special Effects

The cinema includes synchronized environmental effects:

- wind
- rain
- snow

- bubbles
- lightning
- smoke
- vibration
- leg sweep
- back push
- ear blowing
- back poking

These effects create a **fully immersive cinematic experience**.

Space Requirements

Approximate installation space:

6 m × 4 m × 3.5 m height

Warranty

The equipment **still benefits from the manufacturer's warranty**.
