

- box-column design provides high load capacity, and is torsion-proof and rigid
- table and drill head can be moved individually for an optimum machining height
- 9-step feed and speed gears, with oil-bath lubrication
- high torque across the entire speed range

Options

Part No.

• Direct indexing head S 200	110966
• Rotary Table RT 250	125840
• Swivel Table ST 380	129345

Specifications

		KSB 32A	KSB 50C	KSB 63B
Drilling capacity	mm	32	50	63
Throat	mm	280	335	375
Quill stroke	mm	200	250	250
Spindle nose-to-table surface distance	mm	690	725	860
Table set up area	mm	400x550	480x560	650x550
Spindle mount		MK 4	MK 5	MK 5
Spindle speed	1/min	(9) 50 - 2.000	(9) 45 - 850	(9) 40 - 570
Motor rating main drive	kW	2,2	4	5,5
Overall dimensions (length x width x height)	m	0,96x0,85x2,34	1,04x0,91x2,54	0,97x1,45x2,79
Weight	kg	950	1.250	2.500
Part No.		101692	101694	101695
