

2020 Rollomatic ShapeSmart NP50 CNC Pinch & Peel Grinder
Excellent Condition – Under Power – Immediate Availability

2020 ROLLOMATIC SHAPESMART NP50

CNC PINCH & PEEL GRINDER

EXCELLENT CONDITION – UNDER POWER – IMMEDIATE AVAILABILITY

HIGH PRECISION. HIGH PERFORMANCE. ROLLOMATIC.

For sale: 2020 Rollomatic ShapeSmart NP50 CNC Pinch & Peel Grinder. A high-specification, high-accuracy grinding solution ideal for the production of carbide, HSS and precision tooling.

This machine is in excellent condition, meticulously maintained and currently under power, available for inspection and demonstration.

MACHINE HIGHLIGHTS

- ✓ Rollomatic ShapeSmart NP50
- ✓ Year of Manufacture: 2020
- ✓ Latest Software Installed
- ✓ CNC Pinch & Peel Grinding
- ✓ Excellent Condition
- ✓ Under Power and Available for Demonstration
- ✓ High Precision, High Stability Grinding Platform
- ✓ Includes Comat Compressor Equipment
- ✓ Includes Additional Tooling & Accessories (Details on Request)
- ✓ Well Maintained with Full Service History Available

SPECIFICATIONS

Manufacturer	Rollomatic
Model	ShapeSmart NP50
Year	2020
Type	CNC Pinch & Peel Grinder
Control	Rollomatic CNC Control with Latest Software
Grinding Applications	Carbide, HSS & Precision Tooling
Condition	Excellent
Power	Under Power
Location	UK
Availability	Immediately Available

Full specification available on request.

IDEAL FOR

- Carbide Tooling Manufacturers
- Precision Grinding Operations
- Medical, Aerospace & High-Precision Component Industries

INCLUDES

- 2020 Rollomatic NP50 Grinder
- Comat Compressor Equipment
- Additional Tooling & Accessories
- Documentation & Manuals
- Maintenance Records Available

Machine Overview

2020 Rollomatic ShapeSmart NP50 CNC pinch & peel grinding machine available immediately. This high-specification machine is in excellent working condition, under power, and available for inspection and demonstration by appointment.

The machine includes the latest software package and associated Comat compressor equipment. Additional tooling and accessories may also be included subject to final agreement.

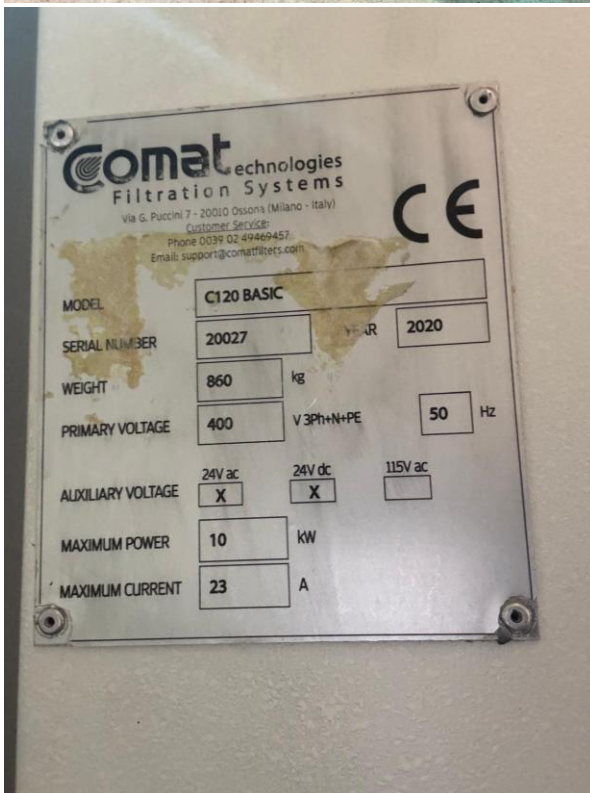

Machine Highlights

- Rollomatic ShapeSmart NP50
- Year of Manufacture: 2020
- Latest software installed
- CNC pinch & peel grinding capability
- Excellent condition
- Under power and available for demonstration
- Comat compressor equipment included
- Additional tooling/accessories available
- Well maintained
- Inspection welcome

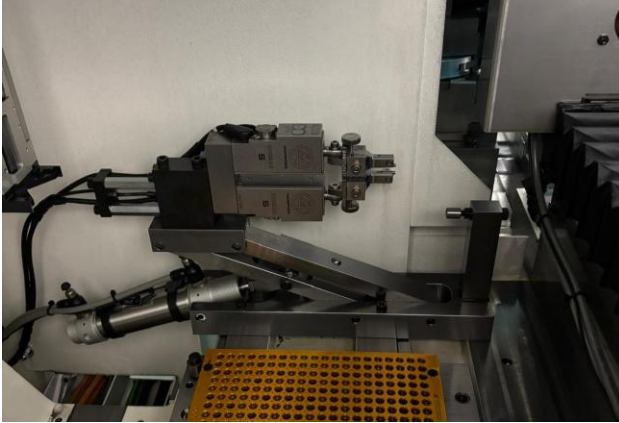

Ideal Applications

- Carbide tooling manufacturers
- Precision grinding operations
- Medical, aerospace and high-precision component production

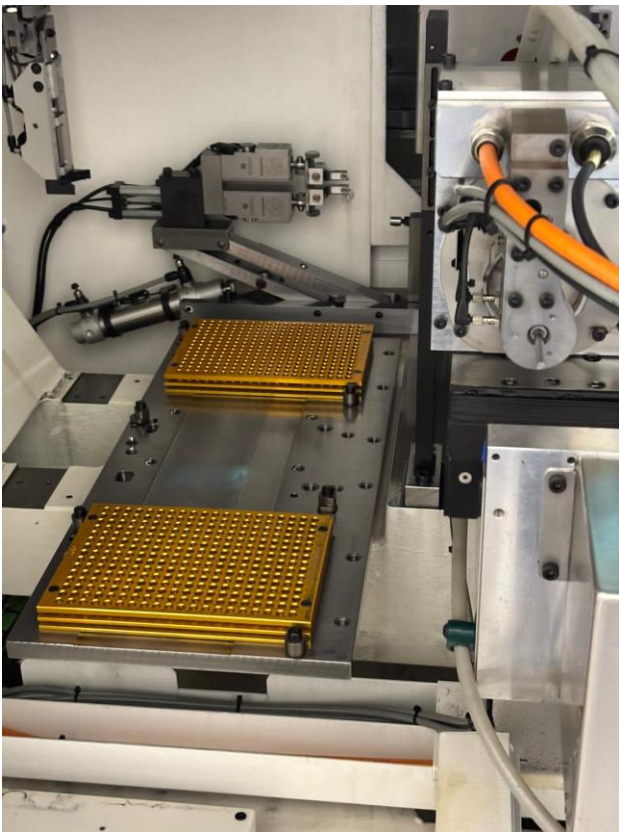

Additional Photos

Comat, used for maintaining coolant temperature constant, filtering & cleaning the coolant while grinding.

Marcus checking system, used to maintain diameter tolerances when using the loader

Pre-machining & post machining loader pallets, 8 pairs, various diameters.

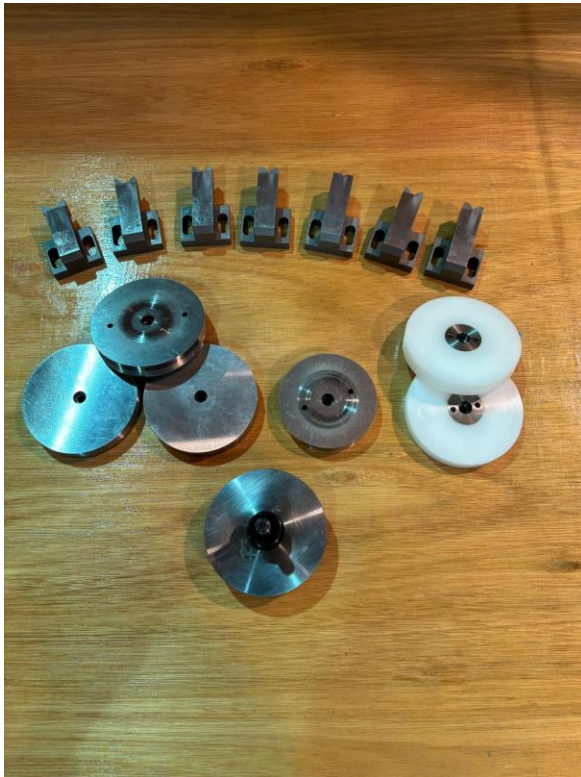

Tool rest for reversing workpiece (double ended tools).

Ultra precision collets, sizes metric: 3.0, 4.0, 5.0, 6.0, 6.5, 7.0, 8.0, 8.5, 9.0, 10.0, 12.0, 13.0, 14.0, 16.0, 18.0 (x2), 20.0, 22.0, 25.0; Sizes imperial: $\frac{1}{4}$ ", $\frac{1}{2}$ ", $\frac{3}{4}$ ";

Rollomatic NP50 various accessories

Finishing Grinding Wheel x 2

Finishing Grinding Wheel x 4

Roughing grinding wheel x 3

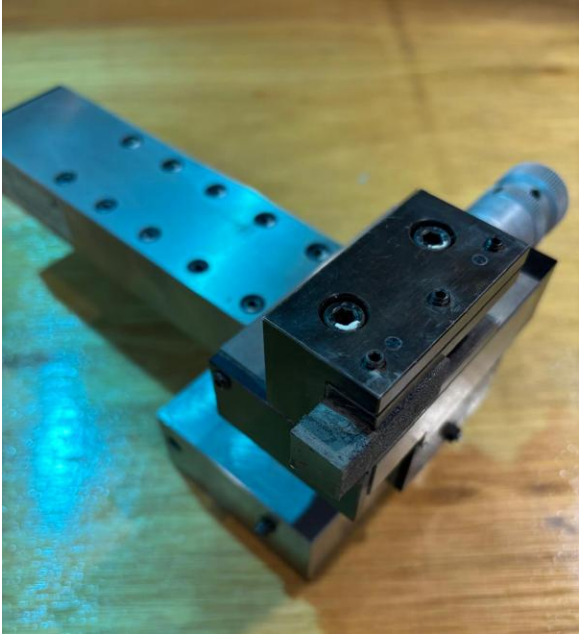

Roughing grinding wheel x 1

Rollomatic NP50 Toolkit

Rollomatic NP50 loader pallet sets x 8

Attachment for wheel dressing with dressing sticks used for opening up diamond grit.
