Purchase and sale of OKUMA CNC-machines

All-round carefree package

Loading – Transport – Commissioning – Acceptance

Are you looking for a suitable used OKUMA machine for your purposes? In addition to our own 25-30 used machines, which can be inspected at any time in our showroom, we have a European-wide network and always find the right solution for our customers. In cooperation with our long-term logistics partners, we deliver your desired machine on time to your location.
