

For Sale: D-Gen H12 Printer 5+SPC Combined with Klieverik GTC-81/3400 Calendar

We are offering our D-Gen H12 printer together with a Klieverik calendar for sale. Both machines are fully operational and available for viewing until August 13 at our location in Roeselare.

D-Gen H12 Printer Highlights:

- Industrial-grade 3.2-meter wide roll-to-roll printer
- Printing speed up to 132 m²/h with 12 Ricoh Gen5 print heads
- High resolution up to 2400 dpi
- Uses disperse inks suitable for textile printing
- Advanced features including powerful drying system, dust removal, and precise tension control for high-quality fabric prints
- Supports multiple ink colors for vibrant and clear prints
- Compatible with software such as Ergosoft, Caldera, Wasatch, and Onyx

Klieverik GTC-81/3400 Calendar:

- Reliable calendar machine from Klieverik 2012, The Netherlands
- Industrial quality with specifications around max 19 kW power, 400V, and 50/60 Hz operation
- Well-maintained and fully functional

The reason for selling these devices is our investment in a new 5-meter dye-sublimation printer to expand our production capabilities.
