# COONE H SERIES

## The **CoastOne H-series Hydraulic Press Brakes**

– a high-performance bending solution designed to deliver outstanding precision, ease of use, and long-term reliability.

Engineered with modern assembly technologies, the CoastOne H-series ensures exceptional bending accuracy and consistent performance – all while minimizing maintenance requirements.

Designed for user convenience, the system offers simple operation, making it ideal for both experienced operators and new users.

The Cone H-series offers an efficient, cost-effective solution to meet the demands of any production environment.

### Key Features:

- ✓ Y1, Y2, X, R, Z1, Z2 axes
- ✓ 250 mm stroke, 400 mm throat depth
- ✓ Quick-clamp Promecam tooling system
- ✓ Eurostamp precision punch & die sets
- ✓ Original Wila crowning system
- ✓ Lazersafe LZ2 front laser safety
- ✓ LED lighting on RAM
- ✓ Sliding front support arms & narrow bottom table

**Engineered for precision. Built for reliability.**
