creating solutions together

Drum Washer 350 WRD

Why Customers Choose This Cleaning System

- Washing, draining, rinsing, and drying in one automated solution
- Ensures consistent and reliable cleaning results
- Increases productivity through continuous operation (24/7)
- Reduces the need for manual labor
- Seamlessly integrates into existing production lines
- Reduces operating costs
- Automatic level and pressure monitoring
- Optimizes energy and water consumption

Standard Equipment

- Siemens PLC
- Grundfos pump
- Fully insulated construction
- Automatic level and pressure monitoring

Optional Features

- Oil separator
- Filtration system
- Automatic chemical dosing
- Adjustable drum speed
- Integration with existing production lines
- Remote access and service via network connection
- Service and spare parts package

An Environmentally Responsible Choice

- Manufactured in Denmark
- High-quality components
- Recyclable materials
- Reduced chemical consumption
- Energy optimization

Design Philosophy

- Modular design
- Service-friendly construction
- Reliable operation
- Energy efficient
- Durable construction
- Cost-effective operation
- Recyclable materials

Technical Data

General

Length	2680 mm
Width	970 mm
Height	1450 mm
Weight	725 kg
Power supply	3 x 400 V / 50 hz + N + PE
Consumption	57 A

Drum

Diameter	350 mm
Speed	1-5 rpm
Perforation	2-10 mm

Washing zone

Flow rate	200 L/min
Tank volume	210 L
Temperature	30-60°C
Heating power	12 kW

Rinsing zone

Flow rate	200 L/min.
Tank volume	210 L

Drying zone

Airflow	3500 L/min
Temperature	40-110°C
