Drum Washer 250 WRD - Used

Why Choose a Used Cleaning System

- Significantly lower investment compared to a new system
- Supports environmentally responsible production and procurement
- Fast delivery and commissioning
- Stable and proven operation
- Reduces the need for manual labor
- Easy integration into existing production lines
- Optimizes energy and water consumption

Proven Durability

KSN cleaning systems are built for many years of operation in industrial environments. One of the first drum cleaning systems we supplied to Danfoss in the early 1990s is still in operation today.

Standard Equipment

- Grundfos pump
- Fully insulated construction
- Automatic level and pressure monitoring

Optional Features

- Oil separator
- Filtration system
- Automatic chemical dosing
- Adjustable drum speed
- Integration with existing production lines
- Remote access and service via network connection
- Service and spare parts agreement

An Environmentally Responsible Choice

- Manufactured in Denmark
- High-quality components
- Recyclable materials
- Reduced chemical consumption
- Energy optimization

Condition and Preparation

- Machine inspected and prepared
- Tested before delivery
- Ready for integration into existing production lines
- Customization options available
- Service and support offered

Technical Data

General

Length	1900 mm
Width	850 mm
Height	1260 mm
Weight	425 kg
Power supply	3 x 400 V / 50 hz + N + PE
Consumption	49 A

Drum

Diameter	250 mm
Speed	1-5 rpm
Perforation	2-10 mm

Washing zone

Flow rate	150 L/min
Tank volume	140 L
Temperature	30-60°C
Heating power	12 kW

Rinsing zone

Flow rate	100 L/min.
Tank volume	140 L

Drying zone

Airflow	2500 L/min
Temperature	40-110°C

Price: €11,400

excluding VAT
