

RSS granulator line, type 1000 F32, yoc 2022, only 120 operating hours, drive power 45 kW, with air conveying system, big bag frame and grinding machine

For sale is a complete shredding line consisting of a granulator, an air conveying system for the ground material, a bagging rack for big bags, an automatic hollow knife grinding machine for regrinding the knives and a complete unused set of replacement knives.

For sale is a complete shredding line consisting of a granulator, an air conveying system for the ground material, a bagging rack for big bags, an automatic hollow knife grinding machine for regrinding the knives and a complete unused set of replacement knives.

Technical data on the granulator:

Manufacturer RSS Recycling Shredders & Solutions B.V.

Type 1000 F32

Year of construction 2022

Operating hours 120 hours, as of July 24

Drive power 45 kW drive motor and 0.75 kW hydraulic motor for opening and closing the top of the granulator

Throughput capacity approx. 1,000 kg/hour, with new knives, 14 mm screen and HDPE fraction pre-shredded to approx. 60 mm

Rotor length approx. 1000 mm

Rotor speed approx. 460 rpm.

Rotor knives, 3 rows in Chevron shape

2 rows of stator knives

Screen hole size 14 mm, other sizes are of course possible

Machine dimensions 1775 x 1825 x 2450 mm (L x W x H)

Machine weight 3250 kg

Accessories:

1 new knife set, unused

1 piece air conveyor system with cyclone for the ground material

1 bagging rack for big bags

1 automatic hollow knife grinding machine, manufacturer AVB, for regrinding the knives

RSS granulator line, type 1000 F32, yoc 2022, only 120 operating hours, drive power 45 kW, with air conveying system, big bag frame and grinding machine

Condition of the machine:

Very good, almost new condition with only 120 operating hours. The granulator line is ready for immediate use

Comments:

The documentation (Manual, CE-declaration, electr./hydr.-drawings), are completely available. Inspections are possible after agreement. We will not assume liability for the given technical data and possible errors.
