

VERTICAL LATHE

Type SC55 - CNC - 2S
Two turning heads

Technical Characteristics

CNC equipment Siemens 840Di
Work piece diameter - 5.500 mm
Max. height - 3.200 mm
Work piece weight - 60 to
Table diameter - 4.500 mm
Table speed - 0.2 - 30 rpm
Power of main drive - 100 kW
Hydrostatic bearing for the table
Cross rail vertical travel - 2.600 mm
Ram vertical travel - 1.800 mm
Ram horizontal travel - 3.150 mm
Ram cross section - 300 mm x 300 mm

Accessories included

Clamping jaws - 8 pc
Leveling blocks - 1 set
Telescopic covers - cross rail, columns
Outside cooling system
Operator platform
Enclosure
