Substrate	**0.04 – 0.8 mm**
Max. speed	**15,000 sph, straight & perfecting**
Perfecting	**Between units 2 and 3**

WHY THIS PRESS

Full speed in perfecting

15,000 sph in 2/2 (performance package, special edition) — a speed many perfectors cannot match.

Closed-loop colour, both sides

Prinect Inpress Control, 2 bars (after units 2 and 4): spectral measurement, inline ink and register correction.

Fast makeready

AutoPlate Pro, Tandem Wash-up, automatic roller washing, remote ink and oscillator control.

Documented condition

Regular manufacturer servicing under contract. Running in production — inspect and test on site.

MAIN EQUIPMENT

- Preset Plus feeder, ultrasonic + side-lay double-sheet detection
- Sheetfed Control (CAN-Bus), decentralised drive control
- Prinect Press Center console, remote inking, Wallscreen
