

Quotation-IECHO PK0705 plus (2022.10.28)

No.	PIC. REF.	ITEM NAME	SPECIFICATION	QTY	Price ex works Frankenthal
Basic Machine with standard accessories under 1)					
1		Main Structure	Automatic Feeding Digital Cutting Plotter PK - Max Cutting Area:750mm(L)*530mm(W) - High precision base frame - Working table: perforated aluminium plate - Electric motor - High precision guide rail - Control system - High strength and high coefficient of friction felt - Air compressor	1	€ 18,500.00
1-1		Tool Head	Basic Machine with standard accessories included 1-1 to 1-10	1	
1-2		Universal Cutting Tool (UCT)	Through cutting tool by dragging tangent knife, fast speed, for cutting paper, cardboard, thin PVC etc.	1	
1-3		Kiss-Cut Tool (KCT)	Accurately adjustable cutting depth for cutting films, stickers etc.	1	
1-4		Creasing Tool (CTT)	Used for making creases on cardboards, corrugated boards, honeycomb boards etc.	1	
1-5		CCD camera	High accuracy automatic positioning system	1	
1-6		Automatic Conveyor System	Automatic material feeding and transporting, realizes continuous cutting	1	
1-7		Oscillating tool	To cut thicker and harder materials, such as foam board, corrugated board and so on	1	
1-8		0.9mm Knife	Blades for Drag knife ( kiss cut and cutting through)	5	
1-9		1.5mm Knife	Blades for Drag knife ( kiss cut and cutting through)	5	
1-10		10° EOT Blade	Blades for Oscillating tool	5	
1-11		30° EOT Blade	Blades for Oscillating tool	5	

Optional Features 2)				QTY	Dealer Price(USD)
2-1		Built-in Computer/Touch PC	<p>1. With the specialized built-in computer on the PK models, people no need to prepare the computer and install the software by themselves.</p> <p>2. The built-in computer also can be operated in Wi-Fi mode, which is a smart and convenient option for the market.</p>	1	€ 1,200.00
2-2		Roll Materials Feeding System	The roll materials feeding system adds the additional value to PK models, which can not only cut sheet materials, but also roll materials such as vinyls to makes labels and tags products, maximizing customers' profits.	1	€ 960.00
2-3		QR code scanning system (with license)	IECHO software supports QR code scanning to retrieve relevant cutting files saved in the computer to conduct cutting tasks, which meets the customers' requirements for cutting different types of materials and patterns automatically and continuously, saving human labor and time.	1	€ 600.00
2-4		PTK (Perforating tool)	Making dotted lines on the materials.	1	€ 120.00
2-5		E19-20	Blade for PTK Tool Suit	1	€ 34.00
2-6		V-Cut tool	Making V-Groove on the materials.	1	€ 120.00
2-7		E19-10	For Double Edge VCUT Blade	1	€ 10.00

2-8		E19-11	For Double Edge VCUT Blade	1	€ 10.40
2-9		0.9mm Knife	Blades for Drag knife ( kiss cut and cutting through)	1	€ 7.60
2-10		1.5mm Knife	Blades for Drag knife ( kiss cut and cutting through)	1	€ 7.60
2-11		10° EOT Blade	Blades for Oscillating tool	1	€ 8.40
2-12		30° EOT Blade	Blades for Oscillating tool	1	€ 8.40
